Subject: IMPORTANT: CDC Notification of Lapse in Appropriations and Government Shutdown

Dear CDC Grantee,

Due to the absence of either a FY 2014 appropriation or Continuing Resolution for the Department of Health and Human Services (HHS), HHS and the rest of the federal government is authorized to shutdown operations. As indicated in the previous correspondence (the letter that was sent to all grantees is attached), your grant program is funded by appropriations that are not currently affected by the government shutdown. Therefore, you should continue normal operations until informed otherwise by this office. If you have federal staff assigned to your grant or cooperative agreement through Direct Assistance, those staff can still report to their non-CDC duty locations.

Please continue to check CDC’s website (www.cdc.gov) for additional updates. If you have any urgent needs or need immediate assistance on your CDC grant, you may contact the following individuals:

- Glynnis Taylor (770.488.2752, GTaylor1@cdc.gov) for domestic awards
- Steward Nichols (770.488.2788, SNichols1@cdc.gov) for international awards

Thank you for your assistance during this period of a government shut-down and your ongoing support of the Centers for Disease Control and Prevention.

Terrance Perry
Acting Chief Grants Management Officer
